Development Department

ABOUT MICE CAPABILITIES DEVELOPMENT DEPARTMENT

CATALYST FOR SUCCESS, FORGING THAILAND'S MICE FUTURE

The MICE Capabilities Development department is determined to significantly strengthen Thailand's MICE industry through content and knowledge management, networking and astute market intelligence.

The overall goal is to generate well-trained professionals who are capable of delivering international standards of service while exuding traditional Thai warmth and friendliness. This innovative programme will inspire a new generation of students to pursue a rewarding career in Thailand's rapidly expanding MICE industry, while encouraging industry professionals to enhance their management skills.

THAILAND MICE VENUE STANDARD

A PIONEERING DEVELOPMENT TO RAISE THE MICE INDUSTRY STANDARD

The primary mission of TCEB is to push forward development of the MICE industry with aim of creating continuity and sustainability. MICE industry is growing rapidly; it is becoming being increasingly focused on by business sectors at both domestic and regional levels. As such, TCEB recognises that there should be a standard tool to systematically measure the quality of venues for hosting MICE events in Thailand in order to raise standards and provide opportunities for entrepreneurs to develop their potential in terms of systematic thinking in business, management and investment, so as to ensure that operators can run MICE businesses in accordance with international standards. To this end, TCEB has developed a Thailand MICE Venue Standard (TMVS) for the first time in Thailand and the ASEAN region.

There are many advantages to adopt of TMVS. TMVS can inspire and motivate entrepreneurs and small businesses across the country and give them opportunities to develop and enhance quality of services and venues. Such tools can also expand high standard MICE events to different regions. This, in turn, can expand MICE customers into different provinces and create income distribution channels among locals.

TMVS BENEFIT FOR MICE ENTREPRENEURS

The criteria for the venue standards contain elements with 3 indicators for physical, technological and service requirements. The focus is the development of a basic standard that will be built on in order to meet the international standard in later stages. It will be beneficial to entrepreneurs in the long run because the operators who apply for the TMVS practice will have to change their entire operating process from thinking to action in accordance the guidelines

Moreover, entrepreneurs certified by TMVS will appear on the 'Approved List' and will be publicised worldwide as good venues that meet international standards. TCEB will arrange seminars explaining TMVS and demonstrating its benefits. After direct discussions with operators, majority responded that scheme is very helpful. Thai's MICE operator understood TMVS is a beneficial tool which guarantees Thailand's MICE venues are ready for international standards.

Furthermore, TMVS applies ISO quality standards of quality assessment in four main areas, including food safety standards, security system standards, business management & administration of sustainable events, and energy management standards, as well as construction and environment laws in Thailand. As such, TMVS is considered a tool to assess quality standards that have clear indicators and methods in accordance with principles and standards that are accepted worldwide.

THESALAYA

Venue Profile

“All-In-One.. Joy & Journey” thesalaya is located across Mahidol University (Salaya campus). The area is referred back to the ancient time as “Suvannabhumi”, which was one of the oldest cities in which Dvaravati art and antiques were discovered. The site is surrounded by many cultural attractions and situated along the Mahasawat canal, which was created in the reign of King Rama IV as a short-cut to Phra Pathom Chedi. In the past, people were likely to build the waterfront pavilion every four kilometers along this canal. Each pavilion was decorated with the inscriptions on traditional medicine, from which the name “Salaya” is derived. (“Sala” is an open pavilion, “ya” is medicine)

Meeting Room Profile

KanokNapa is an exquisite meeting and convention room, with an atmosphere of Thai tradition and craftsmanship. The decoration portrays the unique lifestyle of people living along the river and near the train station. The room is well-equipped with the lighting, sound and stage. Khon Performance and lotus pad folding activities are provided for entertainment. The room can accommodate a maximum of 330 people. Catering can be set up for different occasions including a sit-down banquet and Food Club style with fresh and organic farm food with choices of Thai street food, traditional Thai food, seven-color sticky rice wrapped in an organic lotus pad, authentic Thai desserts, and herbal drinks. Please find unique handmade souvenir from our Khon village.

KanokNapa

Moreover, thesalaya has an outdoor space of 500-2,000 square meters, which can be venues for many occasions. It can accommodate 100-500 people and serve with services such as pool party, music garden & beach, fire show, Khon performance, and 4-region traditional Thai dance.
